HERE COMES THE SUN

Little darling, It's been a long, cold, lonely winter.
Little darling, it feels like years since it's been here.
Here comes the sun. Here comes the sun and I say It's alright.
Little darling, The smiles returning to their faces.
Little darling, it seems like years since it's been here.
Here comes the sun. Here comes the sun and I say It's alright.
Little darling, I feel that ice is slowly melting.
Little darling it seems like years since it's been clear.
Here comes the sun. Here comes the sun and I say It's alright.

STATE UNIVERSITY
AGRICULTURAL AND TECHNICAL COLLEGE
AT FARMINGDALE, NEW YORK 11735

OFFICE OF THE PRESIDENT

(516) 420-2145

January 13, 1971

TO: 1971 Graduates
FROM: Dr. Charles W. Laffin, Jr.
RE: President's Message

This June Commencement represents the achievement of a sincerely sought educational objective on the part of each graduate. You have surmounted the many requirements of the educational program of your choice. For some it means the beginning of further education through transfer to bachelor degree colleges, for others, it represents the time to undertake the careers in many fields of the occupations and professions for which you have been prepared here at Farmingdale. In some cases, it will be marriage and family and for others, service in the military forces.

Whatever your path, or future experiences, it is hoped that the college at Farmingdale has been helpful to you educationally and personally. The chance to acquire the "tools of living" was available to you on this campus. By your success in graduating with the Class of June 1971, you have evidenced your ability to gain knowledge through education. You are now to be numbered among those thousands of Farmingdale Alumni.

Congratulations and success in the future.

The biannual blood bank drive held in December was a huge success. Two hundred eighteen pints of blood were donated.

ONE WAY
ONE WAY

In December the Student Senate and the College Union Board held a twenty-eight hour dance marathon. Thirteen couples entered and held out close to the end. First prize was one hundred dollars and a trophy. There were second and third prize winners as well. Now that the first thirteen couples broke the ice, there is hope that next years marathon will have more contestants.

Dorm students vote for open dorm policy and alcohol in the dorm policy. Carried by the students and turned down by the College Council . . . The students did not stop at that . . .

In the spirit of Christmas, Inter-dorm Council and the Student Senate contributed funds to bring forty orphans from Little Flower to Farmingdale's campus. They arrived by busses behind the dorms at four o'clock. Dorm students volunteered to each take one child for the day. They were served a huge Christmas dinner supplied by Crotty Brothers. The children then received gifts. Among the gifts, twenty bicycles were given out.

The day seemed to be an enjoyable and profitable one for the children and more so for the students of Farmingdale who participated.

Islander photographers, Mike (left) and Vic (below) at work.

The Islander staff started out in September 1970 with a disappearing editor-in-chief and all the plans for the 1971 yearbook. After electing a new editor, we were all ready to put out . . . 192 pages. But then, due to a lack of a darkroom, we had no pictures. Finally, by December work got under way and here IT is!

Charles Flood, President of Student Senate, wins award for Outstanding Male Senior '70.

Joseph Chouinard, Automotive Technology, Valedictorian '70.

"Lost yesterday, somewhere between Sunrise and Sunset, two golden hours, each set with sixty diamond minutes. No reward is offered, for they are gone forever."

—Horace Mann
